REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Deering, N. H., this fourteenth annual report of your Superintendent of Schools is respectfully submitted:

The North, Pond, West and Manselville Schools were in session this year. None of our teachers was new to Deering, although Miss Hazel Thompson, once a Deering teacher, returned to us to take the place of Miss Williams, who resigned. Our other teachers returned to the positions held by them last year, Miss Erlene Murdough at the North School, Mrs. Alice Colburn at the West Deering School and Mrs. Eunice Preston Willgeroth at Manselville.

The most important question to be asked about any school is, "How do our graduates stand in regard to scholarship?" but the one we hear more than any other is, "How does the cost of our schools compare with the cost in other districts in the State?" That is an important question, never more important than now. With that in view we compare in the following table certain itemized costs per pupil in Deering with the same cost for the State as a whole. In this comparison it is very necessary to remember that teachers having 10 pupils cost twice as much per pupil as those having 20 pupils although they receive actually the same salary, and that it takes as much, if not more, wood to heat a room for five as it does for 20, and no more wood is wasted although the per capita cost is four times as much. These facts should be remembered in studying the table. The per pupil

costs are given as they are the only figures which can be compared with the cost in the whole state. Our average was less than the state average for 15 of the 20 items. Of the items which are higher than the State average we have reduced the teachers' salaries. Medical inspection as carried on in this district, costs us eventually nothing as the State reimburses us, as we have an approved school nurse. We are paying less hereafter for transportation and the tuition charges are not under our control, although for the coming year Hillsboro has voluntarily reduced their tuition charge.

Comparison of the per pupil cost for 1931-1932 in Deering and in the State:

Item	Cost in	
	State	Deering
Superintendent's salary	$3.40	$3.09
Truant officer	.30	.29
Other expenses of adm.	.87	.31
Teachers' salary	53.89	73.49
Books	1.56	.82
Scholars' supplies	1.84	1.16
Flags	.03	.01
Other instruction exp.	.58	.40
Janitors	4.44	3.57
Fuel	3.00	2.22
Janitor supplies	1.39	.09
Repairs and new equipment	7.69	6.33
Medical inspection	1.38	2.06
Transportation	6.42	10.51
High School tuition	4.60	28.96
Elementary tuition	.91	1.53
Other activities		

Four items cost us nothing at all this year.

The suggestion has come, from sources not entirely familiar with conditions, that consolidation of schools would be the right way to lessen the amount paid for teachers' salaries. That, of course, is correct, and it would have a certain educational advantage arising from larger classes, but your board and Superintendent, have not been able, after almost constant study of the subject, to see that we can consolidate further at the present time, due to the Geography of our town, the condition of the roads, and the distances to be covered, although we are well aware of certain advantages, which under other conditions would result.

The school nurse reports that 27 of the 29 pupils examined had defective teeth, seven had defective vision, seven had enlarged glands and six had diseased tonsils. Due to the large number having defective teeth we had a dental clinic managed by the Nurse, the dental work being done by Dr. W. C. Chandler of Concord. This work was financed by the Community Club, the Guild, the Grange and the Red Cross. Parents paid whatever part of the cost they felt able to pay, and one boy insisted in paying for the work out of his own money earned by himself. Beside our school children four pre-school children also had work done, so that 31 individuals were treated at the Clinic. Of these 11 paid in full, six paid part of the cost. There were 29 fillings and 46 extractions. This was certainly a worth while piece of work.

We find the following facts taken from the teachers' registers interesting:

Length of yr. in days	Membership	Attend. %	Tardiness	School Board	Visits by Supt.	Others	Name of School
169	12.3	96.2	34	6	26	50	Manselville
169	5.3	93.0	54	3	19	45	West
170	4.7	93.2	10	9	19	62	North
170	8.8	91.2	1	6	19	65	
Totals	31.1	93.4	99	24	83	222	

The attendance record is very poor, there being no names on the Honor Roll this year, and the tardiness record is poor. We surely trust that these records may be improved during the coming year.

There were no eighth grade graduates this year, but we had very pleasant graduating exercises to close the school year.

Respectfully submitted,

A. A. HOLDEN,

Supt. of Schools.
